Please note that Hong Kong Post requires more time to deliver mail to Macau and destinations in the Mainland China.

If you are in urgent need of the graduation certificate, please consider collecting your graduation certificate in person or authorize a delegate to collect the graduation certificate on your behalf as it takes time for mail to reach its destination.

If you wish to appoint an authorized delegate to collect the graduation certificate on your behalf or to request the graduation certificate to be sent to you by mail, please complete the procedures online under the section "Arrangement for the Collection of Graduation Certificate" at <https://www.ase.hku.hk/asoffice/>.

A paper folder will be provided for you to keep the graduation certificate. To save the environment, you are most welcome to bring along your own certificate holder or to make donation to the University for a certificate holder, details are available at <https://www.newgrads.alumni.hku.hk/category/class-of-2023>.
